"Granting [education] to the least fortunate is a lifeline and it opens doors to share Jesus."

A Little About Bethany...

"I have been working for TeachBeyond since 2017 and have recently transitioned onto an admin team as associate regional director of member services for the Latin America region. That is basically a long title that means I get to support TeachBeyond's members in Latin America by meeting with them and connecting them to the various supports we offer. Part of my position is also overseeing mobilization for the region through onboarding Latinos to the organization. My work has been incredibly rewarding as I see first-hand how God is at work through the lives of many sacrificial people. It is certainly humbling and exciting! Education is key in our modern world to future and opportunity, and with it comes added character, discipline, empathy, and understanding. Granting this to the least fortunate is a lifeline and it opens doors to share Jesus."
